

TUBE

TUBE ENDFORMING MACHINE

NUMAFORM 5-8-12E

100% ELECTRIC, SMALL-SIZED,
FAST AND EFFICIENT

Up to Ø 65 mm
Up to Ø 2.56"

TUBE ENDFORMING MACHINE

NUMAFORM 5-8-12E

	Numaform 5e	NUMAFORM 8E	NUMAFORM 12E
Max tube Ø	65mm - 2.56"	65mm - 2.56"	65mm - 2.56"
Working force	5T	8T	12T
Clamping force	8T	12T	18T

MAIN FEATURES

- Full electric
- Compact and easy integration into automatic cells
- Forming before or after bending with easy access around the tooling
- Work material : copper, aluminium, steel, stainless steel, brass, titanium, inconel ...
- Userfriendly HMI
- Large clamping tool opening

OPTIONS

- Numerical tube cutter
- 2 rotating tools
- Fast tool changer with 6 positions
- I/O for integration in working cells
- Double cavity clamp

DIMENSIONS (ALONE)

- 1200x2150x1320mm
- 12.04x4.33x6.89'

WEIGHT

- 3500 kg
- 7716 lbs
